Dear Alice.

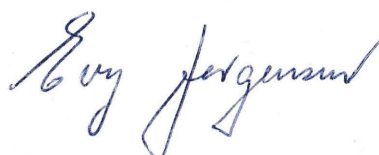

Thank You for the last issue of Your bulletin, I have been very busy, because I have got a new job. I had the great luck to get a job at the state and now, after 3 months I can stay there as long as I want it. We were 56 persons who wrote after the same job and only 3 went through and we came to an interview and I got it.

I send You our last issues of Feminform and do hope You have the possibility to translate them. In the same letter here I send You a few stories, which You can use as You like in Your magazin, if they are good enough. What I wrote about is true things, who has happend.

Now it is summertime and I shall go on my holiday the last days in this week and we, my wifw and I shall go to Sweden for a 14 days stay in the forrest 1300 km high up in Sweden, it is a long trip, when You maybe know, than from coast to coast in Denmark, we only have 350 km. Well, I have a very good car, a little one, Fiat 127, but a nice one. My wife can lay down in the back, because as I have written to You, she is sorry ill, and have some difficulties, if she shall sit up so long time. We shall stay by the councillor in Sweden, we know eachother very well, I am still the chairman in FDE Scandinavien and therefore we have lots of things in common.

Well, I will stop again, and do hope You can use my stories, please read them through and as I know, there are something spelled wrong or some other thing wrong, please, write it right. Well, I send You and all "our" sisters in England the best wishes for the future and the best greetings here from Copenhagen.

Yours sincerely  
Evy Jorgensen

NB: We have lost to do, because we shall celebrate our 10 Years birthday , Sept. 11, 1976 in Sweden, Osby.
