Dear Deputy Attorney Tada,

I am writing you in reference to Schneider r r v, City and County Fed. dist CT. Case C-97-2203-MMc. Ms Sneider is filing suit against the City and County of San Francisco because her constitutional rights have been **forcefully violated by San Francisco peace officers.**

I find it **horrific** that these offenses have been committed by high ranking city employees who are trained by law and lawful behavior. The City and County of San Francisco is responsible for the physical, emotional, damage of Ms. Schneider by it's employees.

The Center for Young Women's Development is avid about the humane treatment of poor women by the San Francisco Sheriffs Department . The Plaintiff in this case has been brutally violated and deserves **maximum restitution** for the violence she has endured.

Sincerely

Lateefah Simon
