Dear Alice.

Thank You for "the bulletin", which You send to us here in Denmark. We are very glad to get it, and if You read our *Feminiform* paper this time too, You will find, that we have set Your date for the annual in and we do hope, that some of our members came come.

~~Another thing is, that one of our Swedish Members are in London now, and I hope that she got a contact. As usual this member gave me to short time to write to You in time. Or else I have been in Sweden for holidays this summer. We spend 3 weeks in the nature, in the forest, in the hills and near some lakes, where we could fish, which I did and I caught some fish too, it is very funny, when You live in a big City, then go out and rest such a nice place.~~

Well there are not so many new things to tell You, ~~but~~ we have still our work at the university; we have still our schoolwork, where we tell the young people in the age of 15-17 about us. One thing more, we have the great pleasure to be in contact with our schools, where we send our pamphlet and almost every time, they ask for more information. Sometimes we then take out at these schools and talk to those pupils. Last time I went out I had 32 Youngsters in the further told age. Nice to do so. These Youngsters have a very open mind, and can better understand our way to live.

In two weeks we shall have our meeting in Sweden, where we will be about 50-60 persons in nearly 3 days, for the cost of 16,5 £

I enclose a invitation in the same letter here.

Well I will close now, once again the time is after midnight, but so it always is, when there are FPEwork to do, but we like it.

All my love to all the english sisters from
